

MED-GOLD Final Showcase

Developing climate services for agriculture

29-30 March 2022

AGENDA

This two-day event will provide an insight into the lessons learned during the project, upscaling possibilities, and the relevance of climate services such as those developed in MED-GOLD for policy and society.

29 March 2022, 10:00-15:00 CET

Co-production of climate services: success stories from MED-GOLD

10:00-11:30

SESSION 1 - Co-production: Leading the way in climate services

This session focuses on the co-production approach followed in MED-GOLD and the importance of finding common ground with users, understanding their needs and building trust.

Welcome

Katrina Sichel (moderator)

Co-production at the core of MED-GOLD

Alessandro Dell'Aquila, Luigi Ponti, Sandro Calmanti (ENEA), Matteo De Felice (JRC-ENEA)

Opening Speech

Sasa Zavadlav, EU Project Officer

Climate services for adaptation: perspectives from the users

Javier López (DCOOP), Antonio Graça (Sogrape), Chiara Monotti (Barilla)

Knowledge exchange with stakeholders: the question of trust

Sandro Calmanti (ENEA), Marta Terrado (BSC)

Panel discussion: Why is co-production in climate services important and how can we make it a more widely used approach?

Panelists: Javier López (DCOOP), Antonio Graça (SOGRAPE), Chiara Monotti (Barilla)

Moderator: Katrina Sichel

11:30-11:45

Coffee Break

11:45-13:15

SESSION 2 - Towards useful and usable climate services

This session focuses on the technical aspects of the co-development process of climate services and delivering useful and usable information, as well as on evaluating the value brought to users.

Co-developing tailored climate information for decision making

Nube González (BSC), Andrea Toreti (EC-JRC), Christos Giannakopoulos (NOA)

Delivering useful and usable information

Federico Caboni (Lutech)

Assessing the value of climate services

Ilaria Vigo (BSC), Mehri Koshravi (Leeds University)

Panel discussion: Lessons learned from co-developing useful and usable climate services: opportunities and challenges

Panelists: Nube González (BSC), Andrea Toreti (EC-JRC), Christos Giannakopoulos (NOA)

Moderator: Katrina Sichel

13:15-14:15

Lunch Break and Virtual Booths

During the lunch break, participants are invited to visit the virtual booths of partners and engage in discussions with the presenters and other project participants. Videos and other dissemination materials will also be available on the event platform.

14:15-15:00

SESSION 3 - Discover how to apply the MED-GOLD tools in your sector: "Ask us anything"

Room 1 - Grape and wine sector

Antonio Graça, Marta Teixeira, Natacha Fontes (SOGRAPE), Alessandro Dell'Aquila (ENEA)

Room 2 - Olive and olive oil sector

Ricardo Arjona (EC2CE), Javier López (DCOOP)

Room 3 - Durum wheat sector

Valentina Manstretta (HORTA), Sandro Calmanti (ENEA)

Room 4 - Coffee and other agri-food sectors

Jose Ricardo Cure (UniMilitar), Luigi Ponti (ENEA)

30 March 2022, 10:00-15:00 CET

MED-GOLD Legacy: its relevance across sectors, policy and society at large

10:00-11:00

SESSION 1 - Adopting and using innovation tools in organisations

This session focuses on the underlying conditions required to adopt and use innovation tools such as those developed in MED-GOLD across Europe.

Opening Speech

Mark Gishen (Gishen Consulting)

Enabling conditions for the uptake and use of the MED-GOLD Dashboard in organisations

Marta Bruno Soares and Emmanuel Likoya (University of Leeds)

Panel discussion: Perspectives from key organisations in the European food system

Panelists: Lotte Gabrovits (Wine Consulting), Luigi Meriggi (HORTA), Ilaria Danesi (Danesi Caffè), Nuno Oliveira (Natural Business Intelligence)
Moderator: Katrina Sichel

11:00-11:20

Coffee Break

11:20-12:20

SESSION 2 - Talking Climate for Policymaking

This session focuses on the climate and policies nexus for enlightening cross beneficial needs, success stories and best practices in supporting adaptation and green transition action.

Panel discussion: Bridging the gap between climate knowledge and policy

Panelists: Adriana Ignaciuk (FAO), Jaime Lillo (International Olive Council), Onélica Andrade (EU DG Research), Hanne Knaepen (ECDPM)
Moderator: Katrina Sichel

12:20-13:30

SESSION 3 - The legacy of MED-GOLD: the European landscape and beyond

This session addresses the European landscape and the future prospects of MED-GOLD legacy, with focusing on the specific challenges of climate change in the industry of the wine sector.

Panel discussion: How do the results of MED-GOLD fit in the vision of other initiatives?

Panelists: Chris Hewitt (ClimatEurope), Nicola Pirrone (Agriculture of Data), Carlo Buontempo (C3S), Pau Roca (OIV)
Moderator: Katrina Sichel

13:30-14:15

Lunch Break and Virtual Booths

During the lunch break, participants are invited to visit the virtual booths of partners and engage in discussions with the presenters and other project participants. Videos and other dissemination materials will also be available on the event platform.

14:15-15:00

SESSION 4 - MED-GOLD Road To Business

This session presents some of the results reached in the frame of the Horizon Result Booster and the "inheritance" of MED-GOLD in numbers.

Road to Business

Jesús Ortuño (GMV)

MED-GOLD in numbers

Freddy Rivas (GMV)

Key Exploitable Results and Minimum Viable Product

Wrap-up
